

ASTER ROW // NORTHBOUND LIGHTS // REHEARSAL CUE GRID

Document MD-NBL-17 | issued 17 Jul 2026, 18:40 | 112 BPM | 4/4 | 32 steps per pattern

HOW TO READ THIS SHEET

The running order controls which patterns and kit rows are released tonight. On this grid each token is STEP:VELOCITY (step 01-32, velocity 0.00-1.00). The base grid below is what I laid in first. The CORRECTIONS block at the very end is where I fixed things after the base pass — a correction line always wins over the base line for the same pattern / kit row / step. REPLACE changes that cell's velocity; CANCEL takes the cell OFF. Every cell a correction does not name keeps its base value.

Grid reconciled after corrections — nothing else on the base pass changes.
Cue up Bridge Fill first for the pickup; Snare is the live-balance strip. — Sam
